

Yokohama Life Innovation Platform

LIP.Yokohama

Yokohama signed a Memorandum of Understanding with Biocom in April 2017.

Members of Yokohama Life Innovation Platform wanted

Contact us if you are interested in joining Yokohama Life Innovation Platform.

ke-lifePFG@city.yokohama.jp

Yokohama Life Innovation Platform aims to be an engine for creating new innovations in the field of life sciences.

To achieve life innovations, Yokohama Life Innovation Platform gathers the power of institutes and companies concerned with life innovation in Yokohama, such as RIKEN and Yokohama City University, and acts as a hub for deepening cooperation among bio clusters.
