Notifying the Pregnancy & Receiving the Maternal and Child Health Handbook

- * For the Maternal and Child Health Handbook, the following two conditions should be satisfied.
- 1 Having your residential address registered in Yokohama City.
- 2 Having a diagnosis of pregnancy in a medical institution in Japan by confirming the heartbeat of the fetus.

<The Flow of Today's Procedure>

· Identity verification

(My Number Card, Residence Card, Passport or Driver's License)

• Showing the Patient Registration Card of the hospital where you had your pregnancy test.

妊娠届出書

- · Filling in the forms
- -The Pregnancy Notification
- -The Pregnancy Questionnaire

-The Maternal and Child Health Handbook

-The Health Checkup Voucher Booklet 4

• Learning about the Subsidies

Bonus

• Signing for the acknowledging receipt of the Health Checkup Voucher booklet.

• Having an interview with the specialist (Nurses or public health nurses)

We will interview you on the questionnaire you have filled out in Step 2.

This is the QR code for the video shown in Step 3. Please watch it when you want to review the details on the Maternal and Child Health Handbook, the health checkup voucher booklet, and the required procedures after childbirth.
