

District Plans

The seven districts
of Nishi Ward
5 years from now

Residents have discussions and take concrete actions
to achieve their district targets.

District 1

**A comfortable town
where residents support
each other**

District 2

**A sincere, cheerful,
and fun town
— Say a quick hello —**

District 3

With the district's numerous
welfare facilities, a defining feature
of the district, create opportunities
for people of all ages and abilities,
from children to the elderly and
those with disabilities to those
without to interact.
Make it easier for all residents
to go out despite the many slopes

District 4

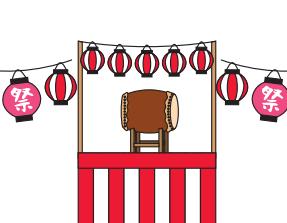

**A kind town where people
of all abilities want to
stay for a lifetime**

District 5

**A town where
all people can feel safe
and comfortable!**

District 6

**A town that people
will always want to
call home**

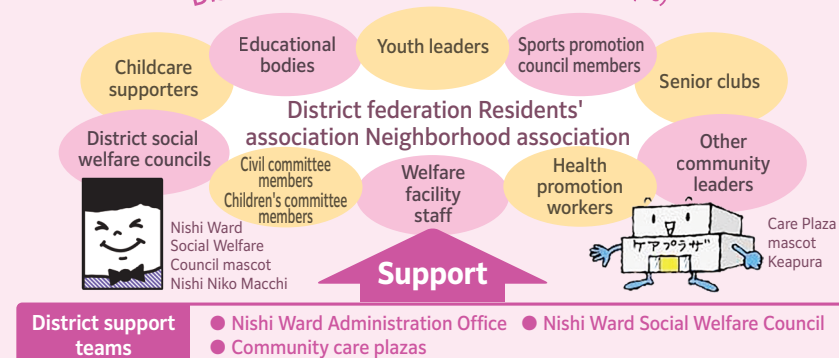

Minato Mirai district

We will continue
to build new communities,
foster relationships with the area,
and sustainably develop
a global town where everyone
can be lively, work, learn, and rest
— A town for developing ourselves and the future —

The Nikomachi Plan district plans involve a gathering of leaders from residents' associations, neighborhood associations, and diverse fields such as welfare, health, youth groups, sports, education, and other institutions to formulate and promote the plans. The plans also involve district support teams that include the Nishi Ward Administration Office, Nishi Ward Social Welfare Council, and community care plazas who provide support for the community activities.

Published

April 2026

The Nikomachi Plan* involves all residents to make Nishi Ward a place where people of all ages and abilities can continue to live comfortably, healthily, and in their own way.

* "Nikomachi Plan" is a shortening of "Smile Happy Living Town Plan" in Japanese (Nishi Ward Regional Welfare and Health Plan).

Nishi Ward
Regional Welfare and
Health Plan
character
Nishi

Target 1

Comfortable towns with ensured safety

Always be ready for disasters, develop relationships of mutual assistance, and achieve safety and comfort for all residents in everyday life.

Trash pickup walk (Minato Mirai district)

Drill at a regional disaster management site

Hamakko Traffic Safety Course

Target 2

Active and healthy towns

Emphasize activities that individuals can perform to improve their health and aim for towns where people can live actively and be themselves.

Resident health festival (District 1)

Radio exercises (District 2)

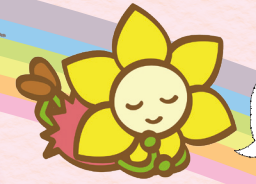

Inclusive sports experiences

The Smile Happy Living Song

— Nikomachi Plan theme song —

Composition/Arrangement:
Junichi Kamiyama
Lyrics: Nishino Mirai

Nishi Ward mascot
Nishimaro

You can
listen to it
on the website!

When the daffodils bloom
Spring is near
I want to do something new
That is how I start to feel
Let's start
What we can now
If I say hello,
From today you will be my friend

Target 3

Towns that acknowledge individuality where everyone can coexist

Increase an understanding of diversity and acknowledge and respect one another for inclusivity so that everyone can live healthily and with peace of mind.

Welfare fair (District 3)

Memory café

E-sports visiting workshop

Target 4

Towns with relationships across the region

Have an attachment to one's own region, support one another, and aim to create a relationship with other regions.

Community kitchen (District 4)

Junior volunteers 5 (District 5)

Resident festival

Target 5

Towns where children can grow healthily

Families, schools, and communities unite to create a foundation to look over children and guardians and create towns where children can grow up fulfilled and healthy.

Childcare events

Nikoniko House (District 6)

Nikomachi Plan visiting lecture
